Additional information

- We are happy to announce the creation of the Saint-Etienne School of Economics (SE2).
- We are recruiting!
 - ▶ We offer a tenure track position (3 to 5 years with, then Full Professorship) starting from next academic year.
 - ▶ The position comes with **substantial** research funding (€278,000) and very little teaching (42 h/year).
 - ▶ You can find more information in your bag and talk to Philippe for more information.
 - ▶ Please help us circulating the position and do not hesitate to come back to us if you know any interested researcher.
- We take the opportunity to advertise a new Master Program (“Political Engineering”) that offers advanced training in game theory and social choice. We would appreciate if you could circulate this information among your students. We may grant scholarships!

Thank you for your attention.
